Delegate Profiles

“Perfect opportunities to network,
made all the desired contacts”

Nicolas Vierge, Dong Energy

Breakdown by country

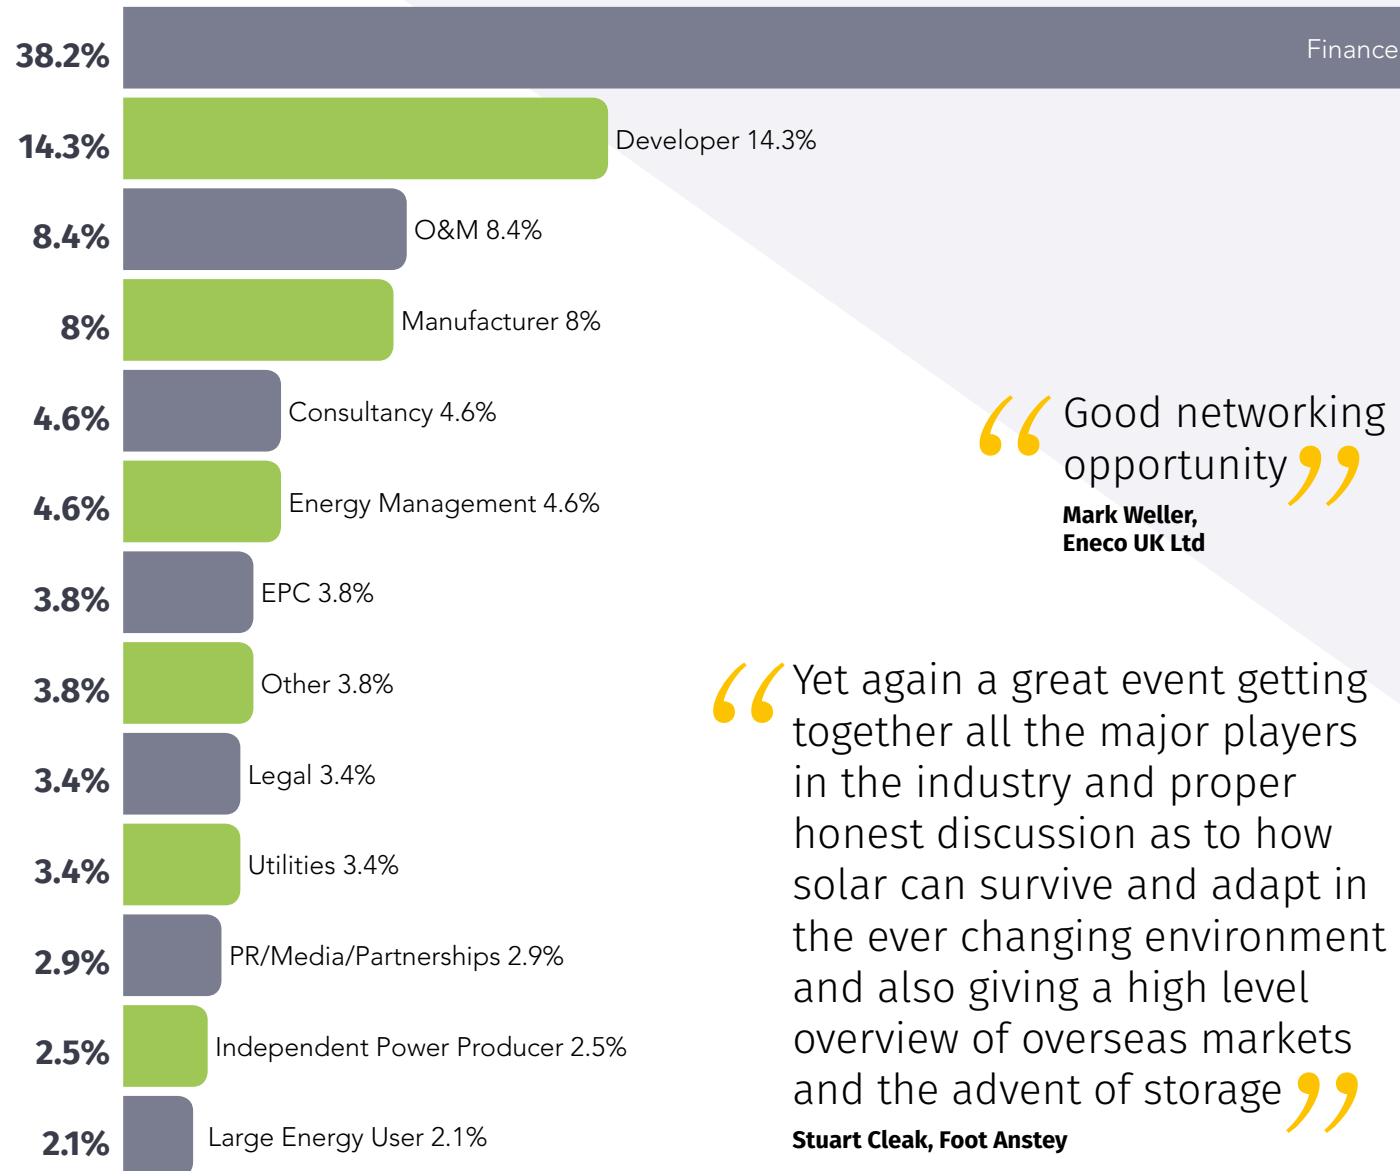

“This conference always draws a crowd and has become a must for my calendar to catch up with key people and trends for the year ahead”

**Louise Wilson,
Abundance Investment**

Delegate Profiles

Company Activity

“ Good networking opportunity ”
Mark Weller,
Eneco UK Ltd

“ Yet again a great event getting together all the major players in the industry and proper honest discussion as to how solar can survive and adapt in the ever changing environment and also giving a high level overview of overseas markets and the advent of storage ”
Stuart Cleak, Foot Anstey

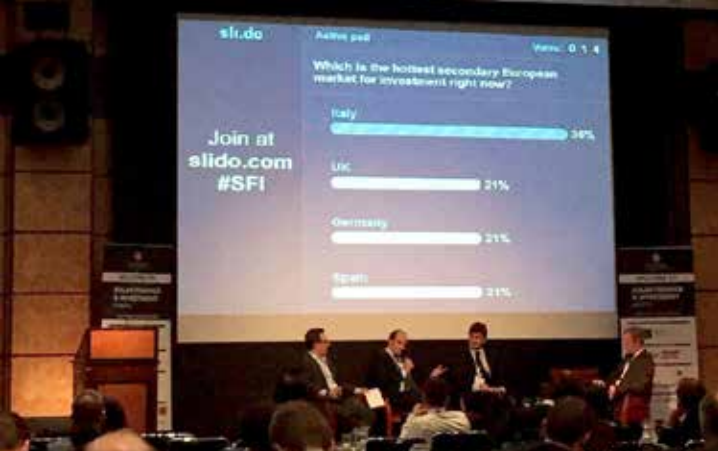

2017 attendees:

“A great meeting place to understand what is going on in the solar space in Europe for asset owners, investors, financiers and service providers.”

Pablo Valencia, Vela Energy

Visitor feedback

“I met investors that might have an interest in looking into the Portuguese market”

Bernardo Matos, Grow

88%

Rated the quality of seminar speakers as Exceptional or Very Good

82%

Said opportunities for networking with other delegates was Exceptional or Very Good

69%

Rated the event as Exceptional or Very good

65%

Would/would likely attend Solar Finance & Investment Europe again

65%

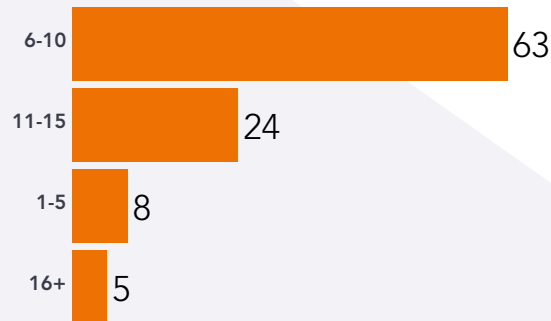

Would/would likely recommend Solar Finance & Investment Europe to colleagues

“A very well-attended event. It is the first time I have seen the interaction work so well between the panels and the audience, through real-time voting and posting questions. It helped create a real dialogue and debate on the topics”

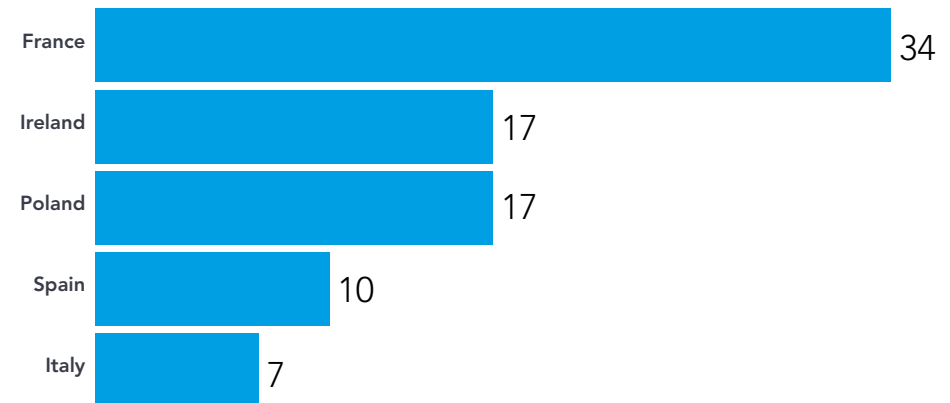

Mark Henderson, Temporis Capital

Live polls to conference delegates

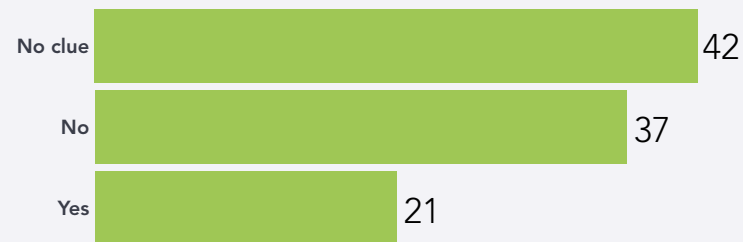

How many 'major' UK solar asset owners will we have in three years' time?

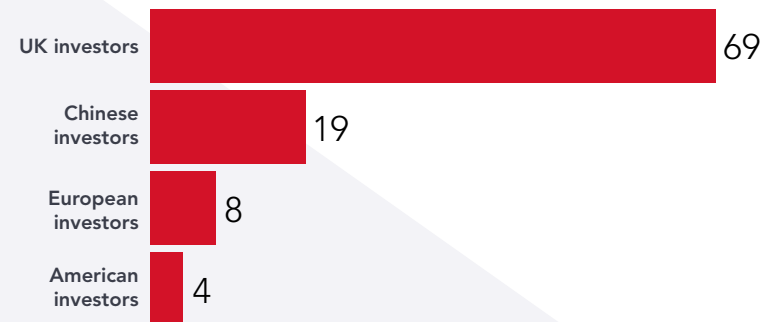

Which is the hottest primary market in Europe?

Will real day-time wholesale power prices be higher in 10 years

Post-Brexit, when it comes to investing in UK solar, where is the strongest money coming from?

In your opinion/for your portfolio, which medium-term O&M evolution would you rather see:
