

WHY CHOOSE **BRK**®

THE PROFESSIONAL STANDARD

For over 60 years, BRK has built a legacy of trust and innovation delivering unparalleled reliability in fire safety. We are the most recognized brand in residential safety products. From traditional hardwired alarms to innovative connected technologies, BRK is your partner for safety and security.

INNOVATION

From delivering the first residential smoke alarm in the industry to being the first in the market of having a voice assisted smoke alarm, BRK consistently delivers products with the latest technology and features.

RELIABILITY

Through exhaustive testing and consistent improvements, BRK is the pioneer brand in fire safety, delivering quality and reliable products you can install with confidence every time. BRK products are backed by a 10 Year Limited Warranty and US Based Technical Support!

Look for the logo of a Nationally Recognized Testing Laboratory (NRTL) to ensure an alarm complies to UL standards.

UL and the UL logo are trademarks of UL LLC © 2020.
