Neutral colors, touches of warm wood, and strong vertical lines unify an open plan space.

1

Place a pair of oversized pendants like Parkhurst to give structure and definition to the kitchen island.

2

Continue the bold lighting theme with the Saffert pendant over the dining table, whose substantial scale offers a modern urban look.

3

Stir the air in style with the sleek lines and solid metal silhouette of the Spicer ceiling fan.

FINISHES

- Antique Gold - 168
- Gilded Silver - 176

PAIR WITH

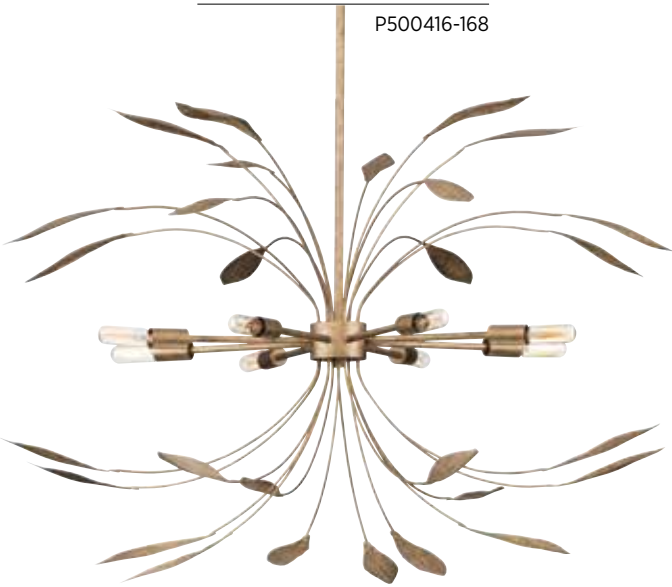

- Spicewood
- Gresham

Take a naturalistic approach to modern room design with Mariposa. Slender branches bloom outward from the central stem, bearing delicate leaves finished in bright and luxurious tones. Mariposa's organic feel is balanced by the minimalist lines of its multi-directional light arrangement, bringing a fresh touch to a range of settings seeking a global flair.

Featuring Mariposa and Clarion

Naturally Inspired Design

Take a naturalistic approach to modern room design with organic décor. Soothing blue-sky walls and a clean white color palette create a calming backdrop that is punctuated by the stunning Mariposa chandelier. Mariposa’s organic feel is balanced by the minimalist lines of its multi-directional light arrangement, making a striking focal point. The clear glass shades of the Clarion pendants offer a simple form and functionality that complements the serene setting.

Thorpe

A softer, playful ambiance is brought to mid-century design with Thorpe, whose starburst form is reinvented by a rustic twist on the space-age style. Angular lines make a clean and striking silhouette. The Brushed Nickel finish features a faux Barnwood finish while the Satin Brass finish is complimented by a faux Hickory wood finish.

Featuring Leyden

An Elegant Take on Farmhouse Style

Elevate Farmhouse style with subtle hints of industrial design. A classic wooden table is surrounded by eclectic seating that has accents of metal and curving lines. The Leyden chandelier complements this look with gentle curves that soften its traditional form, providing an elegant, graceful look and offering plenty of light from its open design.

Featuring Kylo, Willacy and Clarion

A Focus on Form

Lighting takes center stage against a dark neutral backdrop in this modern space. The Willacy ceiling fan swirls ribbon-like blades around a gleaming center hub, making a striking focal point. Over the sofa, the Kylo LED multi-light pendant presents a contemporary splash of minimalist style as it cascades downwards in an arrangement of seamless light. Abstract wall art lends pops of blue and is flanked by a pair of clean-lined Clarion wall sconces on the feature wall. In the dining area, the Kylo chandelier adds drama with sleek metal bars capped with solid tubes of light that hang in a stunning asymmetrical form.

Tie the bathroom design together with cabinet hardware, mirrors and lighting edged in a sophisticated matte black finish.

1

Use one metal finish color like matte black to pull all the bathroom details together for a cohesive design.

2

Apply pops of gray on main features to add another interesting design element against white walls.

3

Give the room a modern urban touch with the substantial scale of Saffert wall sconces and the clean lines of the Calais bath bars over the vanities.

P300047-163

FINISH
● Vintage Brass - 163

A delightful trend in home decor is the repurposing of antique parts into new, functional furniture and accessories. The Calhoun Collection playfully follows this lead with an apothecary style clear glass diffuser held in place with a mechanical latch. The glass shade showcases a thickened profile to create a vintage-style surface for a classic handmade appearance against a soft, Vintage Brass finish.

Icon Guide

Products referencing this logo meet the energy efficiency requirements for light fixtures set forth in ENERGY STAR® product specifications. Please refer to energystar.gov for specific product qualifications and list of certified products.

Please note indoor only (dry location) fans should only be used indoors. Even if an outdoor area or screened-in porch is covered, the motor and the blades can be affected when exposed to humidity. You can, however, “bring the outdoors inside” – as using outdoor ceiling fans are perfectly acceptable to use in interior spaces.

Damp Location ceiling fans and fixtures can be used in covered spaces outdoors or indoors.

If the fan comes directly into contact with water, you'll need to ensure that the ceiling fan has a "wet" listing. Ceiling fans designed for damp or wet locations feature elements, such as moisture-resistant motors and all weather blades. Wet location fans may also be used indoors.

This marking indicates fixtures that have an integrated LED or replaceable LED module that has been tested and listed in the California Appliance Database. Check for certified lamps, fixtures or LED light engines by searching the MAEDBS database. Go to cacertappliances.energyc.ca.gov

Products comply with the California Appliance Efficiency Regulations. Certified products are listed on the appliance efficiency database found at www.appliances.energy.ca.gov.

Products with this icon are Dark Sky compliant.

LED fixtures that support Calif. T24 Part 6 Residential compliance when used in outdoor lighting applications

Complies with "American with Disabilities Act"

Products with this icon have a feature that allows for selectable CCT (correlated color temperature)
